

# ARBORS & TRELLISES

## **Horizontal - Overhead**

**Arbors:** Arbors shall be constructed of natural redwood, which may be treated with a clear sealer. Metal, plastic, fiberglass or straw-type materials are not permitted. Arbors shall not exceed a maximum of 8'6" at the grade or be installed closer than six-inches from the fence.

## **Vertical**

**Trellises:** Trellises may not be higher than the top of the fence and must be a maximum of six inches from the fence. Vines or other plants may not be attached to fences. Trellises shall be constructed of natural redwood, which may be treated with a clear sealer.

**Paint:** May be painted white or stained with a clear sealer.
