

BAYVIEW HARBOR

APPROVED GARAGE DOORS

EXISTING WOOD DOORS

Existing wood doors shall be painted the color designated in Bayview Harbor's paint palette.

REPLACEMENT DOORS

Replacement roll-up garage doors may be wood or metal, short or long panel design, and conform to the following limitations:

- Doors must have a wood grain appearance.
- Flush or ribbed panel designs are prohibited.
- Suitable safety equipment is required.
- Doors shall be painted one color with house paint to match the approved paint scheme.

WINDOWS

Garage doors may have windows subject to the following limitations:

- Windows will only be allowed in doors with the long panel design.
- A standard two car garage will have four panels across.
- All windows will have opaque/obscure glass.
- For security purposes, windows must be in the topmost section/row of the garage door, with one window in the place of each panel.
- Plain window style only is permitted (see below).
